Subject: Miller Rd Shoulder

Hi Mr. Munter

Having a wider shoulder will be a asset on Miller Rd. Of course it really needs to happen around the Bainbridge Garden area.

We have a runoff drainage issue from Justin Ct. You most likely have addressed that in your plans, just checking.

The Justin road section that was put from Miller when development was designed does not drain properly. It is now breaking up. I would hope that would all be redone up to where our Justin Rd. was paved and paid by the homeowners in the 90's. It was turned over to the City of BI.

We could use a bus shelter as people have to stand in the road to catch the bus. Please carve out a spot for a shelter.

Thank you  
Phyllis Rimel
