Subject: Winslow Way Hotel project

I sincerely hope you will agree with the planning commission's exhaustive report about the hotel project. If not, you would be changing the feel of our Island singlehandedly. The precedent would be set to continue to encourage big developments and commercial projects, to the detriment of our Island and its residents. Please reject this project as it has been presented. Honor our comprehensive plan and zoning.

Thank you. Linda Hayes, a 47 year resident of Bainbridge Island
