Subject: Downtown Winslow Hotel/Resort/Conference Center Development

The proposed development across from Flowering Around is an inappropriate scale for that location.

The volume of traffic and noise are incompatible with the surrounding neighborhood. The congestion downtown is already difficult to navigate. The addition of this size venue will produce gridlock. Are we prepared to build new roads to accommodate projects of this size? This is a generally quiet mixed use neighborhood. The scale of this project plus potential for events (with alcohol) will also create noise that disrupts surrounding residents.

Please deny the request for a development of this nature in downtown Winslow.

Thank you.
