Dear Sir or Madam

I am writing concerning the proposed 87 room Hotel in downtown Winslow.

It is a mystery to my after all the citizen opposition against this mega development in a small town, with almost no citizen support for the project, that it could receive a go-ahead from an unelected city official. It is just a matter of meeting certain city codes and getting through a few regulatory hurdles? Does the huge impact of this project as a whole on our small downtown not matter at all?

I wonder what the reasons and motivation are for approving this project besides bowing to business interests.
