Mr. Dylan Marcus,

This concerns the proposed project White RUE & VAR at 3945 LYTLE RD NE. I live on Pleasant Beach Drive and have walked by this property many times over the last 8 years. This is obviously a wetland that captures and infiltrates natural and built area runoff. As a conservation biologist who worked with BMPs, water quality, and conservation measures, I can see why flooding and degradation of this area is of great concern to neighbors. I must agree that this project is not suitable for this site and should be not approved.

Yours,

Lesley V. Higgins, Ph.D.

3020 Pleasant Beach Drive
